- 51mm wide laminated steel body for superior durability
- 25mm octagonal boron carbide shackle is 50% harder than hardened steel
- Chrome-plated shackle for excellent rust resistance
- Superior pry resistance with dual-ball bearing locking
- Can be keyed into existing K1 or WP4 Edge keyways

Product Details

The Master Lock Commercial Excell® No. M5STS Laminated Steel Padlock with Stainless Steel Body Cover features a 51mm wide laminated steel body encased in a stainless steel body cover for maximum strength and weatherability. The 10mm diameter octagonal shackle is 25mm long and made of chrome-plated boron carbide, 50% harder than hardened steel, offering maximum resistance to cutting and sawing. The 4-pin cylinder prevents picking and the dual locking ball bearings provide maximum resistance against prying and hammering. Commercial Excell® offers a higher level of weatherability and security for applications in outdoor, corrosive and caustic environments.

Product Specifications

Product Number	M5STS
Description	Keyed Different, Commercial Boxed Packaging
Shelf Pack Qty	6
Master Carton Qty	24
Body Width	51mm
